Upgrade your windows with our Cellular Shades, featuring spring mounting brackets for fast, seamless installation or choose the no-drill option for damage-free setup. Perfect for shallow frames, this sleek design blocks heat, UV rays, and unwanted light with an integrated top seal and ultra-narrow side gaps. The self-levelling, cordless lift ensures child safety and whisper-quiet operation; while the Day & Night technology provides ultimate light control. Complete with dust-protected, concealed hardware and compatible with Stealth motors, these shades offer effortless, modern convenience.
