

Illusions

Features and Benefits

Features & Benefits

- The Illusions system combines transparent fabric with opaque or translucent vanes for total control over privacy and light filtering.
- Curved Cassette allow for the option of adding a fabric insert for complete coordination. Fabric insert is comprised of the opaque or translucent vanes of the fabric.
- The opaque or translucent vanes measure approximately 3" in depth/height.
- Universal bracket provides easy installation for both ceiling and wall mount applications.
- Cord loop is standard. If stoppers are required, specify chain.
- Minimum width varies based on motor choice. Refer to [automation section](#).
- Bottom bar does not allow light penetration and features a levelling weight system.
- Illusions bottom bar available in white, grey, linen and brown.
- System is enclosed in a Curved Cassette available in white, anodized, linen, brown, and black with matching end caps.
