

Wire Guide

Installation Instructions

Scan the QR code to see the video version of the installation instructions

or visit: <http://bit.ly/3ZRaFQW> (case sensitive)

IF REQUIRED:
Use the provided spacers to help align the swivel mounts

1 Raise the shade

2 Bring shade forward

3 Install the top swivel mounts

4 Install bottom side L brackets

5 Thread the wire through the hem end cap

6 Secure wire into top swivel mount and tighten the wire retainer

5 Thread nut on the bracket and screw in the wire retainer

6 Feed wire through the retainer and pull tight with pliers

7 Tighten retainer to secure wire and trim excess wire

Instructions for center guides (for side by side shades)

8 Install the center top swivel mounts

6 If mounting to the floor, install the deckplate mount

7 Push the wire in to the deckplate and tighten the retainer until taut
